DONORS AND INSTITUTIONAL SUPPORT

August 1, 2020 – July 31, 2021

The Delaware Contemporary Board of Directors and staff extend our sincere gratitude to the following individuals, corporations, foundations, universities, and government agencies for their contributions between August 1, 2020 and July 31, 2021. Their generous philanthropy is essential as we continue to develop innovative ways to connect the artists of today with our audience, and expand access to contemporary art. This commitment of support enables the museum to broaden the vital role art plays for our community.

INSTITUTIONAL SUPPORT: GRANTS AND SPONSORSHIPS

Highlights

PNC funds enabled TDC to sustain our long running partnership with the Latin American Community Center throughout the impacts of COVID. Through virtual programming, students connected with our teaching artist located in Puerto Rico and were able to explore Puerto Rico's unique terrains. Students used this experience to create their own collaged landscapes.

Funding from the Arsht-Cannon fund supported the museum's efforts in providing equitable access to the arts for Latinx youth in our community.

Support from the Laffey McHugh Foundation, Delaware Division of the Arts, and the Small Business Administration of Delaware played an integral role in supporting The Delaware Contemporary's ability to extend its reach to new audiences through digital content.

Support from the Welfare Foundation, Crestlea Foundation, and Crystal Trust has allowed the museum to progress toward its goal to upgrade our gallery spaces and visitor experience.

Funding in FY21 from the Delaware Division of the Arts' Special Project grant program enabled The Delaware Contemporary to advance its Diversity, Equity, and Inclusion practices.

\$10,000 and above

Small Business Administration (DE Relief Grant)
